

## Strength & Durability in One System

MetalWyze Fascia PRO is a high-performance edge metal system engineered for dependable wind protection and cost-effective installation. It features a continuous pre-punched .050" aluminum cleat, concealed splice plate, and a snap-on fascia cover.

Built in aluminum with Kynar 500 finishes, Fascia PRO delivers consistent quality, corrosion resistance, and reliable field performance. The MetalWyze process also allows custom profile sizes without extending lead times.
